

## Abortion v2

Acceptable medical procedure or legalized murder of innocent unborn children?

## Introduction

- If statistics are true, we are thankful that to a small degree abortions have been decreasing in our country although hundreds of thousands are aborted yearly
- We are also thankful that although for almost 50 years abortion on demand has been ruled legal in all 50 states, some states are passing laws promoting life, restricting abortion and challenging this ungodly Supreme Court ruling

2

## Introduction

- Our society then is greatly divided on whether abortion should be offered on demand without restrictions or greatly limited
- My goal in this and all lessons is not political but is spiritual, to preach what the Bible teaches and encourage all to follow it
- Therefore, we pray all leaders, educators and people would repent of abortion and stand for life even in the womb!

3

## What Is Abortion?

Various medical procedures used to terminate a pregnancy by destroying a fetus (what the Scriptures call a child) before birth.

Abortion methods used are brutal violent procedures designed to murder the child within the womb

4

## What Is Society's View Toward Abortion?

January 22, 1973 in the case Roe v. Wade, the U.S. Supreme Court ruled 7-2 that women had the Constitutional right to abortion due to what they viewed as a right to privacy in the Fourteenth Amendment of the Constitution ratified in 1868 (Conferred citizenship upon those formerly enslaved)  
The unborn child was not considered a person but a fetus, part of the woman's body

5

## What Is Society's View Toward Abortion?

- In our public school systems including New York City, teenage girls are taught abortion is an acceptable moral choice
- Many in society view abortion as a form of birth control
- Many women believe it is their body and they have the right to do whatever they please with it, or any part of it, including abortion

6

## What Is Society's View Toward Abortion?

- We are also taught by our public schools that we are only material beings evolving from accidental combining of molecules
- The baby in the womb is nothing more than matter which has no viable life and can be disposed of if desired
- In other words, babies are not really living persons until they are born and breathing
- In the womb, they are fetuses not babies

7

## What Is Society's View Toward Abortion?

CNN contributor and former NYC City Council Speaker, Christine Quinn, said, "When a woman gets pregnant, that is not a human being inside of her. It's part of her body, and this is about a woman having full agency and control of her body and making decisions about her body and what is part of her body with medical professionals. Those are the facts and that is the law of the land."

- Besides New York, in early 2019, Virginia's governor, a medical doctor, openly affirmed the killing of babies who somehow survive abortions

13

2. If a child survives a failed abortion, the child is not protected by law

## Alabama Abortion Law

1. Doctors who perform abortions at any stage will be charged with a Class A felony
2. The only exception for abortions is if a mother's life is endangered

17

## What Is God's View Toward Abortion?

- It is clear that large segments of our society accept abortion as a normal practice that should not be restricted
- But, as Christians, we must not allow the thinking of our society to determine our thinking and practice regarding abortion or any other subject
- Thankfully also, many in the world are turning against abortion
- What does the Bible say about abortion? 18

## What Is God's View Toward Abortion?

- In a small number of cases, abortion may be necessary in some circumstances where the life of a mother could be endangered
- Also, there are natural abortions or miscarriages that tragically occur causing the loss of children
- In these cases, abortion would not be considered a sinful choice

19

## What Is God's View Toward Abortion?

- Life is created and given by God to all individuals while still in the womb and should be valued not destroyed
- Vast majority of abortions are viewed as sinful by the Word of God, intentional taking of another's life, murder of the innocent, helpless, unborn child
- Abortion, for the most part, is legalized murder
